

# Company Profile

**Think Innovate Create**

## Company Introduction

Particles Technologies is an Information Technology services and consulting firm which is adept at providing quality solutions for IT services and Staff Augmentation with a unique blend of technologies.

Started in 2012 in Pune, India as a product based IT firm in Artificial Intelligence, IOT, software and nanotechnology, Particles Technologies has now written the success story in Staff Augmentation solutions and IT Service Delivery for our clients.

We take pride in introducing ourselves as a partner our client can rely on when it comes to delivering quality work with an innovative approach.

## Services we offer:

### **Management consulting:**

We are partnered with Startups in order to improve their performance, operating primarily through the analysis of existing organizational problems and the development of plans for improvement. Our mission is to support the resource planning and business projections for the optimal growth of our partners.

### **Staff Augmentation:**

We believe in understanding our client needs in an explicit manner so that we can deliver tailored solutions for the resource planning. With a right recruitment forecast, we deliver the optimal hiring experience for our clients.

### **Learning and Development:**

We believe in continuous enhancement of skills. To be abreast with the Tech world, one needs to pursue the right knowledge. With our training strategies, our resources make themselves competitive and proficient with the contemporary technologies.

## **Technology areas we focus includes, but not limited to:**

- Programming languages
- Artificial Intelligence
- Java Technologies
- Microsoft technologies
- Robotic process Automation
- Scripting languages
- Operating systems
- Application servers
- Database systems
- SaaS In The Cloud
- Data Science
- Data Analytics

## **MISSION STATEMENT**

**Trust:** We build trust. We stand by and deliver on our commitments.

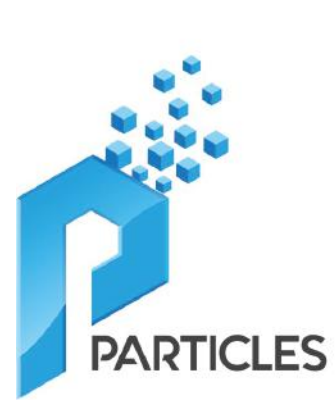

**Relationship Focus:** We build long-term relationships by understanding the needs of those with whom we work.

**Respect:** We respect our clients, employees, and business partners. We appreciate and recognize the significant value each contributes to our company.
